Compassion – Courage – Hope – Integrity – Justice Respect – Responsibility - Wisdom

## **Herne Bay Junior School**

# Personal, Social and Health Education (PSHE), (including Relationships and Sex Education) Policy

**Policy Agreed:** 

**Review Date:** 

All schools must provide a curriculum that is broadly based, balanced and meets the needs of all pupils. Under section 78 of the Education Act 2002 and the Academies Act 2010, a PSHE curriculum:

- Promotes the spiritual, moral, cultural, mental and physical development of pupils at the school and of society, and
- Prepares pupils at the school for the opportunities, responsibilities and experiences of later life.

### PSHE

At Herne Bay Junior School, we teach Personal, Social, Health Education as a whole-school approach to underpin children's development as people and because we believe that this also supports their learning capacity.

The Jigsaw Programme offers us a comprehensive, carefully thought-through Scheme of Work which brings consistency and progression to our children's learning in this vital curriculum area.

The overview of the programme can be seen on the school website.

This also supports the "Personal Development" and "Behaviour and Attitude" aspects required under the Ofsted Inspection Framework, as well as significantly contributing to the school's Safeguarding and Equality Duties, the Government's British Values agenda and the SMSC (Spiritual, Moral, Social, Cultural) development opportunities provided for our children.

### **Statutory Relationships and Health Education**

"The Relationships Education, Relationships and Sex Education and Health Education (England) Regulations 2019, made under sections 34 and 35 of the Children and Social Work Act 2017, make Relationships Education compulsory for all pupils receiving primary education...They also make Health Education compulsory in all schools except independent schools. Personal, Social, Health and Economic Education(PSHE) continues to be compulsory in independent schools."

DfE Guidance p.8

"Today's children and young people are growing up in an increasingly complex world and living their lives seamlessly on and offline. This presents many positive and exciting opportunities, but also challenges and risks. In this environment, children and young people need to know how to be safe and healthy, and how to manage their academic, personal and social lives in a positive way."

"This is why we have made Relationships Education compulsory in all primary schools in England...as well as making Health Education compulsory in all state-funded schools."

"In primary schools, we want the subjects to put in place the key building blocks of healthy, respectful relationships, focusing on family and friendships, in all contexts, including online. This will sit alongside the essential understanding of how to be healthy."

"These subjects represent a huge opportunity to help our children and young people develop. The knowledge and attributes gained will support their own, and others'

wellbeing and attainment and help young people to become successful and happy adults who make a meaningful contribution to society." Secretary of State Foreword: DfE Guidance 2019 p.4-5

"Schools are free to determine how to deliver the content set out in the DfE guidance 2019 in the context of a broad and balanced curriculum. Effective teaching in these subjects will ensure that core knowledge is broken down into units of manageable size and communicated clearly to pupils, in a carefully sequenced way, within a planned programme of lessons."

DfE Guidance p.8

"All schools must have in place a written policy for Relationships Education and RSE."

DfE Guidance p.11

At Herne Bay Junior School, we value PSHE as one way to support children's development as human beings, to enable them to understand and respect who they are, to empower them with a voice and to equip them for life and learning.

We include the statutory Relationships and Health Education within our whole-school PSHE Programme.

To ensure progression and a spiral curriculum, we use Jigsaw, the mindful approach to PSHE, as our chosen teaching and learning programme and tailor it to your children's needs. The mapping document: Jigsaw 3-11 and statutory Relationships and Health Education, shows exactly how Jigsaw and therefore our school, meets the statutory Relationships and Health Education shows education requirements.

The programme's complimentary update policy ensures we are always using the most up to date teaching materials and that our teachers are well-supported.

Our PSHE policy is informed by existing DfE guidance:

- Keeping Children Safe in Education (statutory guidance)
- Respectful School Communities: Self Review and Signposting Tool (a tool to support a whole school approach that promotes respect and discipline)
- Behaviour and Discipline in Schools (advice for schools, including advice for appropriate behaviour between pupils)
- Equality Act 2010 and schools
- SEND code of practice: 0 to 25 years (statutory guidance)
- Alternative Provision (statutory guidance)
- Mental Health and Behaviour in Schools (advice for schools)
- Preventing and Tackling Bullying (advice for schools, including advice on cyberbullying)
- Sexual violence and sexual harassment between children in schools (advice for schools)
- The Equality and Human Rights Commission Advice and Guidance (provides advice on avoiding discrimination in a variety of educational contexts)
- Promoting Fundamental British Values as part of SMSC in schools (guidance for maintained schools on promoting basic important British values as part of pupils' spiritual, moral, social and cultural (SMSC)

• SMSC requirements for independent schools (guidance for independent schools on how they should support pupils' spiritual, moral, social and cultural development).

The Jigsaw Programme is aligned to the PSHE Association Programmes of Study for PSHE.

### What do we teach when and who teaches it?

### Whole-school approach

Jigsaw covers all areas of PSHE for the primary phase including statutory Relationships and Health Education. The table below gives the learning theme of each of the six Puzzles (units) and these are taught across the school; the learning deepens and broadens every year.

Term	Puzzle (Unit)	Content
Term 1:	Being Me in My World	Includes understanding my own identity and how I fit well in the class, school and global community. Jigsaw Charter established.
Term 2:	Celebrating Difference	Includes anti-bullying (cyber and homophobic bullying included) and understanding
Term 3:	Dreams and Goals	Includes goal-setting, aspirations, who do I want to become and what would I like to do for work and to contribute to society
Term 4:	Healthy Me	Includes drugs and alcohol education, self-esteem and confidence as well as healthy lifestyle choices, sleep, nutrition, rest and exercise
Term 5:	Relationships	Includes understanding friendship, family and other relationships, conflict resolution and communication skills, bereavement and loss
Term 6:	Changing Me	Includes Relationships and Sex Education in the context of coping positively with change

Class teachers deliver the weekly lessons to their own classes.

### **Relationships Education**

# What does the DfE statutory guidance on Relationships Education expect children to know by the time they leave primary school?

Relationships Education in primary schools will cover 'Families and people who care for me', 'Caring friendships', 'Respectful relationships', 'Online relationships', and 'Being safe'. The expected outcomes for each of these elements can be found further on in this policy. The way the Jigsaw Programme covers these is explained in the mapping document: Jigsaw 3-11 and Statutory Relationships and Health Education.

It is important to explain that whilst the Relationships Puzzle (unit) in Jigsaw covers most of the statutory Relationships Education, some of the outcomes are also taught elsewhere in

Jigsaw e.g. the Celebrating Difference Puzzle helps children appreciate that there are many types of family composition and that each is important to the children involved. This holistic approach ensures the learning is reinforced through the year and across the curriculum.

### **Health Education**

# What does the DfE statutory guidance on Health Education expect children to know by the time they leave primary school?

Health Education in primary schools will cover 'Mental wellbeing', 'Internet safety and harms', Physical health and fitness', Healthy eating', 'Drugs, alcohol and tobacco', 'Health and prevention', 'Basic First Aid', 'Changing adolescent body'.

The expected outcomes for each of these elements can be found further on in this policy. The way the Jigsaw Programme covers these is explained in the mapping document: Jigsaw 3-11 and Statutory Relationships and Health Education.

It is important to explain that whilst the Healthy Me Puzzle (unit) in Jigsaw covers most of the statutory Health Education, some of the outcomes are taught elsewhere in Jigsaw e.g. emotional and mental health is nurtured every lesson through the Calm me time, social skills are grown every lesson through the Connect us activity and respect is enhanced through the use of the Jigsaw Charter.

Also, teaching children about puberty is now a statutory requirement which sits within the Health Education part of the DfE guidance within the 'Changing adolescent body' strand, and in Jigsaw this is taught as part of the Changing Me Puzzle (unit).

Again, the mapping document transparently shows how the Jigsaw whole-school approach spirals the learning and meets all statutory requirements and more.

### **Sex Education**

The DfE Guidance 2019 (p.23) recommends that all primary schools 'have a sex education programme tailored to the age and the physical and emotional maturity of the pupils. However, 'Sex Education is not compulsory in primary schools. (p. 23)

Schools are to determine the content of sex education at primary school. Sex education 'should ensure that both boys and girls are prepared for the changes that adolescence brings and – drawing on knowledge of the human life cycle set out in the national curriculum for science - how a baby is conceived and born'.

### Parents' right to withdraw

We recognise that parents and carers are the primary educators of their children and will have the most significant influence on their child's development, growth, maturity and the ability to form healthy relationships. Parents do not have the right to withdraw their children from relationships education, however parents do have the right to withdraw their children from the non-statutory elements of sex education within RSE. Should parents wish to withdraw their child, they are asked to notify the school by contacting the Headteacher in writing. We believe that the safe environment of the classroom is the best place for such a curriculum to be delivered, therefore before a child is withdrawn, we would welcome a discussion with parents to ensure there are no detrimental effects to the child.

### Monitoring

The delivery of PSHE/RSE is monitored by the PSHE/RSE leads through examining plans, learning walks, gathering samples of pupils' work and through discussions and feedback with teachers and pupils.

### **Confidentiality and Advice**

All governors, all teachers, all support staff, all parents and all pupils must be made aware of this policy, particularly as it relates to issues of advice and confidentiality. All lessons have the best interests of pupils at heart, enabling them to grow in knowledge and understanding, developing appropriate personal and social skills and becoming appreciative of the values and attitudes of others. Pupils are encouraged to talk to their parents/carers about the issues which are discussed in the programme. Teachers always help pupils facing personal difficulties, in line with the school's pastoral care procedures. Teachers explain to pupils that they cannot offer unconditional confidentiality, in matters which are illegal or abusive for instance. Teachers explain that in such circumstance they may have to inform others, e.g., parents, head teacher, but that the pupils would always be informed first that such action was going to be taken. Teachers would always refer any concerns to a Designated Safeguarding Lead (DSL).

### Equality

Governing bodies have wider responsibilities under the Equalities Act 2010 and will ensure that their school strives to do the best for all pupils, irrespective of disability, educational needs, race, nationality, ethnic or national origin, pregnancy, maturity, sex, gender identity, religion or sexual orientation or whether they are looked after children.

### Relationships Education in Primary schools (Appendix) – DfE Guidance 2019

The focus in primary school should be on teaching the fundamental building blocks and characteristics of positive relationships, with particular reference to friendships, family relationships, and relationships with other children and with adults. All statutory outcomes are covered in the Jigsaw 3-11 Programme. The guidance states that, by the end of primary school:

	Pupils should know	How Jigsaw provides the solution
Families and people who care for me	<ul> <li>that families are important for children growing up because they can give love, security and stability.</li> <li>the characteristics of healthy family life, commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other's lives.</li> <li>that others' families, either in school or in the wider world, sometimes look different from their family, but that they should respect those differences and know that other children's families are also characterised by love and care.</li> <li>that stable, caring relationships, which may be of different types, are at the heart of happy families, and are important for children's security as they grow up.</li> <li>that marriage represents a formal and legally recognised commitment of two people to each other which is intended to be lifelong (Marriage in England and Wales is available to both opposite sex and same sex couples. The Marriage (Same Sex Couples) Act 2013 extended marriage to same sex couples in England and Wales. The ceremony through which a couple get married may be civil or religious).</li> <li>how to recognise if family relationships are making them feel unhappy or</li> </ul>	All of these aspects are covered in lessons within the Puzzles <ul> <li>Relationships</li> <li>Changing Me</li> <li>Celebrating Difference</li> <li>Being Me in My World</li> </ul>

	the vocabulary and confidence needed to do so.	
	<ul> <li>where to get advice e.g. family, school and/or other sources.</li> </ul>	

### Physical health and mental well-being education in Primary schools – DfE Guidance

The focus in primary school should be on teaching the characteristics of good physical health and mental wellbeing. Teachers should be clear that mental well-being is a normal part of daily life, in the same way as physical health. By the end of primary school:

	Pupils should know	How Jigsaw provides the solution
Mental wellbeing	<ul> <li>that mental wellbeing is a normal part of daily life, in the same way as physical health.</li> <li>that there is a normal range of emotions (e.g. happiness, sadness, anger, fear, surprise, nervousness) and scale of emotions that all humans experience in relation to different experiences and</li> </ul>	All of these aspects are covered in lessons within the Puzzles Healthy Me Relationships Changing Me Celebrating Difference
	<ul> <li>situations.</li> <li>how to recognise and talk about their emotions, including having a varied vocabulary of words to use when talking about their own and others' feelings.</li> </ul>	
	<ul> <li>how to judge whether what they are feeling and how they are behaving is appropriate and proportionate.</li> </ul>	
	<ul> <li>the benefits of physical exercise, time outdoors, community participation, voluntary and service-based activity on mental well-being and happiness.</li> </ul>	
	<ul> <li>simple self-care techniques, including the importance of rest, time spent with friends and family and the benefits of hobbies and interests.</li> </ul>	
	<ul> <li>isolation and loneliness can affect children and that it is very important for children to discuss their feelings with an adult and seek support.</li> </ul>	
	<ul> <li>that bullying (including cyberbullying) has a negative and often lasting impact on mental well-being.</li> </ul>	
	<ul> <li>where and how to seek support (including recognising the triggers for seeking support), including whom in school they should speak to if they are worried about their</li> </ul>
