

School is Closed

Social Story

My school is closed and maybe closed for a long time.
This means I cannot go to school right now.

No one knows how long school will be closed for.
My parents will let me know when I can go back to school.

It is okay to have different emotions about not going to school right now. I may feel happy because we have a break, or I may feel sad because I do not get to see my teachers or friends.

I may feel worried or anxious about the changes and what may happen.

I might also be upset or angry because I did not get to say goodbye to my teachers or friends.

I can share my feelings and questions with my family. They can help answer my questions.

Since school is closed right now, I will be learning at home.

This is a change for my family and I.
I will try to be patient and calm.

My new schedule may look like this.

School being closed is only temporary and one day I can go back to school. I will work with my family on having fun with our new routine and schedule.
