

Homework

Homework is set across the school. In setting homework we aim to:

- Promote positive attitudes to work and school
- Raise achievement of all pupils
- Consolidate and reinforce skills and understanding in literacy and numeracy and across the curriculum.
- Increase self discipline
- Develop the home/school partnership
- Prepare children for secondary transfer in Year 6

A variety of types of homework are used depending on the age and ability of the pupils. These include: Reading, learning spellings and multiplication tables, completion of class work, a piece of research on a familiar or a new topic, revision for a test or a piece of Mathematics, Science or English work.

All children need to read to an adult nightly if possible. The homework set is sufficient to aid the child's development, but not so much that the burden is unrealistic. The School heavily relies on parents to support the School in the delivery of homework if its practice is to be successful. All parents are requested to sign a 'Home-School Agreement', which confirms their support for their child in such activities. Work will be kept at School in folders or books.
